*Assistant:* Raquel Barilla  
*Assistant's Email:* barillara@upmc.edu  
*Phone number:* 412.647.6272

### *Key questions defining research program:*

- What patient and procedural factors affect atrial fibrillation ablation outcomes?
- What is the impact of patient management strategies through a specialized center for atrial fibrillation?

### *Key words describing research program:*

- Atrial fibrillation
- Ablation
- Clinical pathways

### *Titles for shovel-ready research projects:*

- AF ablation outcomes in different patient groups
- Efficacy of different techniques in re-do AF ablation procedures
- Outcomes and guideline adherence in patients treated through a specialized AF Center

### *Data sources for shovel-ready research projects:*

- Atrial fibrillation ablation database
- Center for Atrial Fibrillation patient database
