

## **Michael A. Dunn, MD, FACP**

Professor of Medicine and Biomedical Informatics

Associate Chief for Translational Research

Division of Gastroenterology, Hepatology, and Nutrition

---

*Primary Email:* dunnma@upmc.edu

*Assistant:* Cathy Freehling / Ann Menke

*Assistant's Email:* freehlingca@upmc.edu / menkeaa@upmc.edu

*Phone Number:* 412.647.4932 / 412.802.3162

### *Key questions defining research program:*

- Sarcopenia and frailty in liver transplant candidates before and following transplantation
- Long-term disease and economic outcomes of prior authorization criteria for Hepatitis C treatment in Pennsylvania Medicaid
- Improve biomedical informatics capabilities for translational research
- Clinical consequences of simple hepatic steatosis from its more progressive form, nonalcoholic steatohepatitis

### *Key words describing research program:*

- Hepatitis C
- Hepatocellular carcinoma
- Liver transplant
- Direct-acting antivirals
- Claims analysis
