

Name: Kathleen R. Sheridan, DO
Title: Clinical Assistant Professor of Medicine
Division: Infectious Diseases

Primary Email: sheridank@upmc.edu

Assistant: Patricia Paulson
Primary Email: ppaulson@pitt.edu
Phone number: 412-383-1675

Key questions defining research program:

- 1) Is there a difference in 30-day readmission rates for patients managed via OPAT/telemedicine model vs a traditional OPAT model?
- 2) Are IVDA patients discharged on PO antibiotics for complex infections more likely to develop a recurrence or require a 30-day readmission?

Key words describing research program:

- 1) OPAT
- 2) Telemedicine
- 3) IVDA

Titles for shovel-ready research projects:

- 1) Use of telemedicine in monitoring patients on OPAT
- 2) Outcomes for patients seen by a general ID consult service via telemedicine
- 3) Outcomes for IVDA patients discharged on PO antibiotics vs maintained in house for IV antibiotics

Data sources for shovel-ready research projects:

- 1) OPAT database
